Sir,

Since the receipt of your letter of April 11th telling me that Rs.000 had been sanctioned for the repairs of the Shivram Pett Boys' School, I have been in communication with the Deputy Commissioner endeavouring to come to some arrangement in regard to the work which I hoped to commence ere this

I have now the honour to tell you exactly how the matter stands I am anxious to improve the appearance of the School as far as possible altho' the sum of Rs2000 will not enable us to do all we should like In addition to enclosing the school on the north side, and fixing a gate etc on the west side, I am very anxious to improve the appearance of the long southern front, facing the Palace, as I know H H The Maharajah has been anxious that this should be done To put an ornamental verandah on that side would mean incurring great expense without any corresponding advantage to the School or to the 350 boys of the City who are reading there I therefore propose to add classrooms on that side according to the enclosed plan and to put an attractive parapet wall over them, which will be a very great improvement and will, we think, make the Building an ornament to that part of the City

When the Dewan accorded me the honour of an interview I told him that the expense would not be less than Rs3000 I have now had the work properly estimated and find, if we carry it all out, the cost will be Rs4500 This is a serious matter for me and I do not know whether the Govt ~~mother~~ be able to help me further Even if I get no further help I feel the work of improving the south front is so important that the work must be done and I must do the best I can for the funds

I am writing this because of a little difficulty that has arisen We have some land all along the southern front of the School but it is not sufficient in depth to enable us to carry out the work now proposed and I therefore beg you will be good enough to urge the Dewan to grant us 20 feet or a little more of the park laid along

the

the southern front of the school I visited the spot with the Deputy Commissioner and he promised me his hearty support and said he would write to Government about it I have now however received from him the enclosed letter in which he states that as the correspondence has not passed through him he thinks I had better write direct to you

I shall be greatly obliged if you will instruct the Deputy Commissioner to give the small additional piece of land now asked for It is entirely in the interests of the City It will in no way whatever detract from the beauty of the Park and in fact it will enable that corner to be kept free from the nuisances that now mar it

The Grant of Rs2000 may easily be spent in other ways but I am anxious to improve the front facing the Palace I am unable to suggest any other plan for beautifying this frontage but shall be most happy to receive suggestions In the interests of the City as well as of the School I hope the Government will send me a favourable reply as soon as possible as we are waiting to commence the work I have been disappointed in not being able to get it done before the Birthday week

I have the honour to be, Sir,

Your most obedient servant,

George W Savidge

Sir

In returning herewith the tracing receiv with your letter of the 4th Instant shewing the improvements proposed to be effected to the Sivrampet Wesleyan Mission Boys' School, Mysore I have the honor to inform you that I have received no communication whatever from the Government on the subject of the grant of Rs 2 000/- for the repairs of that School

II On reconsideration, I am now of opinion that I will not be justified in approaching Government in this matter as the correspondence hither o has not passed through me, and the land you ask for is neither Municipal nor Trust Board property and I request you therefore to address Government direct in the matter

To the Secretary to the
Government of H.H. the Maharajah of Mysore
Bangalore

Sir In reference to the grant of Rs 2000 for the Repair of the Sheveram Petta Boys School, Mysore City, I have the honour to inform you that I am waiting anxiously for the reply to my last letter. In that letter I asked the Government to be pleased to give us twenty feet of land on the Park Side in order to enable us to carry out our plans and beautify the Southern front of the School, facing the Palace. The matter was referred to the Commissioner and I understood from him that he would recommend that my request be complied with. I am asking this in the interests of the School and the City. It will mean the expenditure of a good deal of money, in addition to the Rs 2000 granted by Government, but I am anxious to do all I can to meet His Highness' wishes. I would beg for a speedy order on the subject as I am anxious to carry out the work as soon as possible.

I have the honour to be,
Sir,
Your most Obedient Servant
